CURRENT MASSHEALTH HEALTH PLAN ENROLLMENT PROCESS

Who's Eligible to Enroll?

MassHealth members eligible to enroll in a MassHealth ACO, MCO, or the PCC Plan:

- Under 65, no Third Party Liability (TPL) (including Medicare)
- Live in the community (for example, not in a nursing facility)
- In the following MassHealth Coverage Types:
 - MassHealth Standard
 - MassHealth CommonHealth
 - MassHealth CarePlus
 - MassHealth Family Assistance

Note: For additional details see 130 CMR 508.001-002

Health Plan Enrollment Process

- When to enroll in a health plan?
 - Members who are determined eligible for MassHealth and are eligible to enroll in a managed care plan, must select a plan within 14 days of the date of eligibility
 - If the member does not select a plan, they will be auto-assigned into a plan
- How to enroll?
 - Go online at [MassHealthChoices.com](https://www.masshealthchoices.com) *fastest way*
 - Mail or fax in the [MassHealth Enrollment form](#)
 - Call MassHealth Customer Service (1-800-841-2900 TDD/TTY: 711)
- When can someone change health plans?
 - Members can change health plans during their annual Plan Selection Period

Plan Selection Period and Fixed Enrollment Period

- **Plan Selection Period**
 - Members enrolled in a MassHealth ACO or MCO have a 90-day Plan Selection Period (PSP) every year
 - During this time, members can change their health plans for any reason
 - If members are happy with their current health plan, they do not need to take any action during their PSP. They will remain in their current plan
- **Fixed Enrollment Period**
 - After the 90-day Plan Selection Period has ended, members enter a Fixed Enrollment Period (FEP)
 - Once a member is in their FEP they cannot move to another health plan until their next PSP, except for certain reasons
 - More information about those reasons can be found on the MassHealth website at <https://www.mass.gov/service-details/fixed-enrollment-period>
 - Members can always call the MassHealth Customer Service for more information about their PSP and FEP

Does the Plan Selection Period and Fixed Enrollment Period Apply to Everyone?

- No. The following members can change health plans at any time and for any reason:
 - Newborns until their first birthday
 - MassHealth members who are in the care and custody of the Department of Children and Families (DCF) or Department of Youth Services (DYS)
- MassHealth members in the PCC Plan

Plan Selection Period and Fixed Enrollment Period

Plan Selection Period

- PSPs are unique to each member. During the PSP, members can change health plans for any reason
- If a member decides to change their health plan, they should check to ensure that their desired primary care providers (PCP), specialists, behavioral health providers, etc. are in the plan they would like to choose
- **All members who have joined an ACO or MCO as of April 1, 2023 will have a PSP from April 1, 2023 – June 30, 2023**

Fixed Enrollment Period

- When the PSP ends, the FEP begins
- During this time, members will not be able to change their health plan, except for certain reasons. PCPs can be changed at any time
- **All members who have joined an ACO or MCO as of April 1, 2023 will have an FEP starting July 1, 2023**

MASSHEALTH HEALTH PLAN OPTIONS FOR APRIL 1, 2023

Health Plan Options Beginning April 1

What Health Plan Options are Available to MassHealth Members beginning April 1, 2023?

- Members will have the following choices when new health plans become available:
 - 17 Accountable Care Organizations (ACOs)
 - 15 Accountable Care Partnership Plans (ACPPs)
 - 2 Primary Care ACOs (PCACOs)
 - 2 Managed Care Organizations (MCOs)
 - Primary Care Clinician (PCC) Plan

Accountable Care Partnership Plan

Accountable Care Partnership Plans

PCPs

You have to choose a PCP within the Accountable Care Partnership Plan's network.

Medical Services and Behavioral Health Services

You will receive medical AND behavioral health services

Overview of the Accountable Care Partnership Plan

In this type of ACO, PCPs work with just one health plan. The provider network includes PCPs, specialists, behavioral health providers, and hospitals. PCPs plan and coordinate care to meet your health care needs. In this kind of ACO, you

- Must live in the service areas covered by the ACO
- Must use the ACO's provider network
- Choose a PCP in the ACO, or one will be assigned to you
- Can change your PCP at any time within the ACO
- May get the services of a behavioral health or long-term services and supports (LTSS) Community Partner
- Will have a Plan Selection Period and a Fixed Enrollment Period every year

Primary Care ACOs

Primary Care ACOs

PCPs

You have to choose a PCP within the Primary Care ACO's group of providers.

Medical Services

You will receive medical services from providers in the MassHealth network.

Behavioral Health Services

You will receive your behavioral health services from the Massachusetts Behavioral Health Partnership (MBHP) network.

There are two Primary Care ACOs. See pages 25-26.

Overview of Primary Care ACOs

In this type of ACO, PCPs have joined together into an ACO to be responsible for your care. The ACO contracts directly with MassHealth to coordinate the full range of services for its enrollees. Primary Care ACOs work with the MassHealth provider network of specialists and hospitals and may have certain providers in their "referral circle." This circle gives you direct access to other providers. The Massachusetts Behavioral Health Partnership (MBHP) provides behavioral health services. In this kind of plan, you

- Must choose a PCP in the ACO's group of providers when you enroll
- Can change your PCP at any time within the ACO
- May get the services of a behavioral health or long-term services and supports (LTSS) Community Partner
- Will have a Plan Selection Period and a Fixed Enrollment Period every year

Managed Care Organization

Managed Care Organizations

PCPs

You have to choose a PCP within the MCO's network.

Medical Services and Behavioral Health Services

You will receive medical AND behavioral health services from providers in the MCO's network.

Overview of Managed Care Organization (MCO)

MCOs are health plans run by insurance companies. These plans provide care through their own provider network which includes PCPs, specialists, behavioral health providers, and hospitals. Care coordinators are employed by the MCO. In this kind of plan, you

- Must live in the service areas covered by the MCO
- Must use the MCO provider network
- Choose a PCP in the MCO, or one will be assigned to you
- Can change your PCP at any time within the MCO
- May get the services of a behavioral health or long-term services and supports (LTSS) Community Partner
- Will have a Plan Selection Period and a Fixed Enrollment Period every year. PCPs who are part of an ACO will not be available as PCPs in MCOs

Primary Care Clinician (PCC) Plan

Primary Care Clinician Plan

PCCs

You have to choose a PCC within the PCC Plan network.

Medical Services

You will receive medical services from providers in the MassHealth network.

Behavioral Health Services

You will receive your behavioral health services from the Massachusetts Behavioral Health Partnership (MBHP) network.

Overview of Primary Care Clinician (PCC) Plan

In the PCC Plan, primary care providers are called primary care clinicians (PCCs). The MassHealth network of PCCs, specialists, and hospitals delivers services. The Massachusetts Behavioral Health Partnership (MBHP) provides behavioral health services. In the PCC Plan, you

- Must choose a PCC from the MassHealth list when you enroll
- Can change your PCC at any time
- Can change from the PCC Plan to an ACO or MCO at any time
- Please note: PCPs in an ACO will not be available as PCCs in the PCC Plan. Community Partners are not usually available in the PCC Plan

Primary Care Exclusivity

- Primary care exclusivity is not changing in the reprocured ACO program
- As today, a primary care practice that contracts with an ACO as a network PCP may not contract with an MCO, the Primary Care Clinician (PCC) Plan, or any other ACO as a PCP. This network PCP may only empanel and provide primary care services to managed care members who are also enrolled in that same ACO
- Primary care exclusivity is applied at the site level. An individual clinical may work at, and serve members from, more than one ACO
- FHQCs that contract with an ACO may not contract with an MCO, the PCC Plan, or any other ACO. However, FQHCs that provide services to managed care members may bill for those services regardless of the member's plan
- PCPs that contract with an ACO may not contract with an MCO, the PCC Plan, or any other ACO. However, they may contract with:
 - MassHealth Fee-for-Service (FFS)
 - One Care Plan
 - Senior Care Options (SCO)
 - Program of All-inclusive Care for the Elderly (PACE) organization

MASSHEALTH HEALTH PLAN MEMBER NOTICING FOR APRIL 1, 2023

Member Assignment Scenarios

Members generally **follow their Primary Care Providers (PCP)**. If a member's PCP assignment is not available in our systems, the member will move with their ACO partner.

Please note, these are the default transitions that will occur in the system, however, all members will have the opportunity to select a different plan or PCP before 4/1 and during their plan selection period.

If a member's PCP remains in same ACO as of 4/1/23, member stays with current ACO

If a member's PCP moves to a different ACO as of 4/1/23, member moves to new ACO

If the member's PCP* moves to the PCC Plan as of 4/1/23, member moves to PCC Plan

If the member's PCP will not be available** as of 4/1/23, member moves based on their current ACO partner

* PCPs in the PCC Plan are called Primary Care Clinicians (PCC)

** For example, if a PCP has decided to retire or the PCP will now be a specialist site

Continuity of Care

Continuity of Care (CoC) Overview

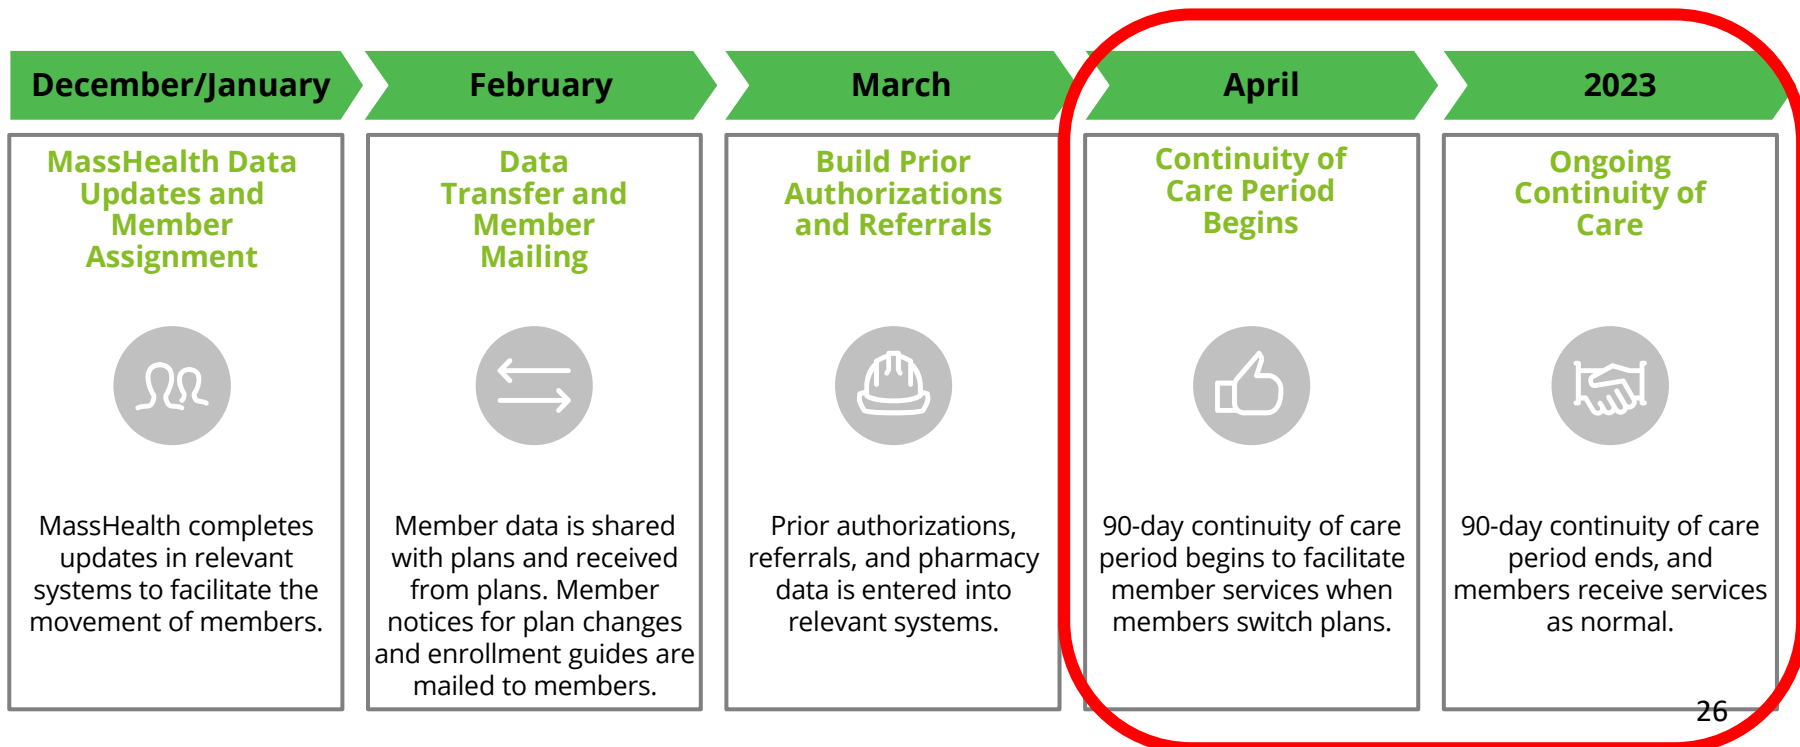

- MassHealth is committed to ensuring CoC for all members as they transition to new health plans
- CoC is a contractual obligation for ACOs, and MCOs. Transition support is a shared responsibility across MassHealth members, providers, and Plans
- MassHealth is working with the health plans, and MassHealth Customer Service to develop policies and procedures to escalate CoC issues to the correct points of contact

Continuity of Care (CoC) Overview

The continuity of care period is a 90-day timeframe where members may continue to access care they were previously receiving, regardless of provider networks. The high-level timeline and components are listed below.

Member Transition to New Health Plans on April 1, 2023

- MassHealth is committed to ensuring Continuity of Care for all members during their transitions to new health plans on April 1, 2023
 - During this time, new members to a health plan may continue to see their current providers (including but not limited to the new health plan’s network providers) for at least 90 days after April 1, 2023
- MassHealth and the health plans will be working together to securely transition all prior authorization and referral information for transitioning members to support continuity of care. Plans are required to not deny any claims that require a prior authorization until they are able to successfully transition all member information into their own systems

Member Transition to New Health Plans (continued)

- For any questions members have about access to their current providers, members should call their new health plan for more information
- For questions and additional resources, members can:
 - See plan options online at [MassHealthChoices.com](https://www.masshealthchoices.com)

COMMUNITY PARTNERS PROGRAM

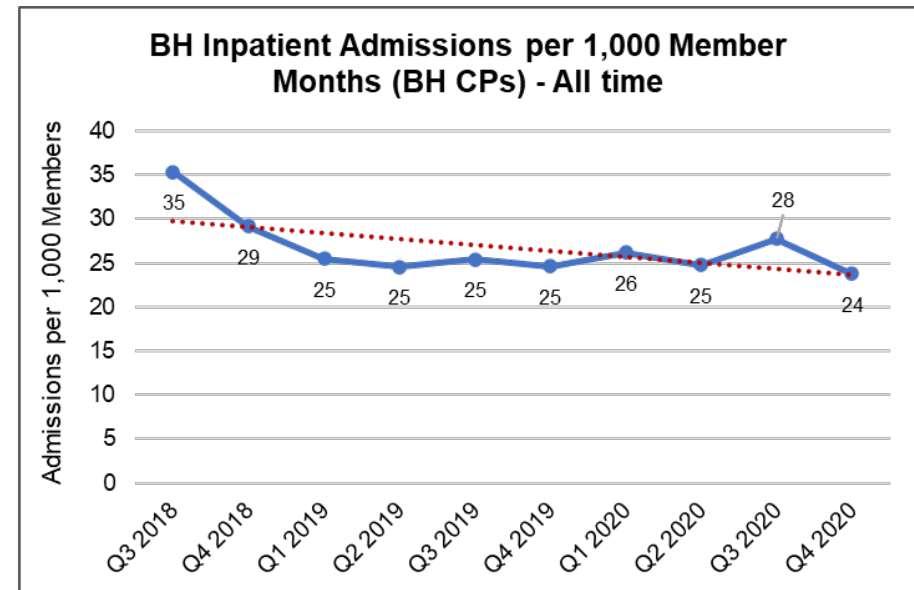

What are Community Partners?

- The Community Partners (CP) Program is a program for community-based organizations contracted by MassHealth to provide enhanced Care Coordination to MassHealth Members enrolled in Accountable Care Organizations (ACOs), Managed Care Organizations (MCOs), or with the Department of Mental Health (DMH) with complex needs.
- There are two types of CPs:
 - Behavioral Health Community Partners (BH CPs)**
 - Responsible for care management and coordination for members with significant BH needs, including Serious Mental Illness or Substance Use Disorders
 - Program May support up to 26,000 Members
 - Supporting Members Ages 18-64
 - Long-Term Services and Supports Community Partners (LTSS CPs)**
 - Responsible for care management and coordination for Members with complex LTSS needs
 - Program May support up to 9,000 Members
 - Supporting Members Ages 3-64

Successes of the CP Program

- The CP Program launched on July 1, 2018
- From July 1, 2018 through March 31, 2023, the Community Partners Program showed a reduction in ER visits by 21%, a reduction in behavioral health admissions by 30%, and a reduction in risk-adjusted total cost of care by 20%

Key Objectives of the Community Partners Program

- A. Re-affirm MassHealth's commitment to providing community-based outreach and enhanced supports for the highest-risk Members and leveraging the expertise of community-based organizations;
- B. Simplify and streamline the relationships between CPs and Accountable Care Organizations (ACOs) and Managed Care Organizations (MCOs);
- C. Heighten, clarify, and standardize expectations of CPs related to both Care Coordination and accountability for outcomes, and align LTSS CP model with BH CP model;
- D. Continue to incentivize strong and seamless partnerships among the physical health, behavioral health, long-term services and supports, and health-related social needs delivery systems; and
- E. Continue to incentivize value-based care and trend management using an updated accountability model

Who is Eligible to Receive Supports from the CP Program?

A Member is eligible for the CP Program if they are:

- Enrolled in an ACO or MCO; and/or
- Receiving or has received Adult Community Clinical Supports (ACCS / Post-ACCS) or Community-Based Flexible Supports (CBFS) services. These members are not required to be enrolled in an ACO or MCO
- MassHealth anticipates that, beginning in July 2023, individuals who screen positive for Level 2 Preadmission Screening and Resident Review (PASRR) in a Skilled Nursing Facility will also be eligible for enrollment with a BH CP

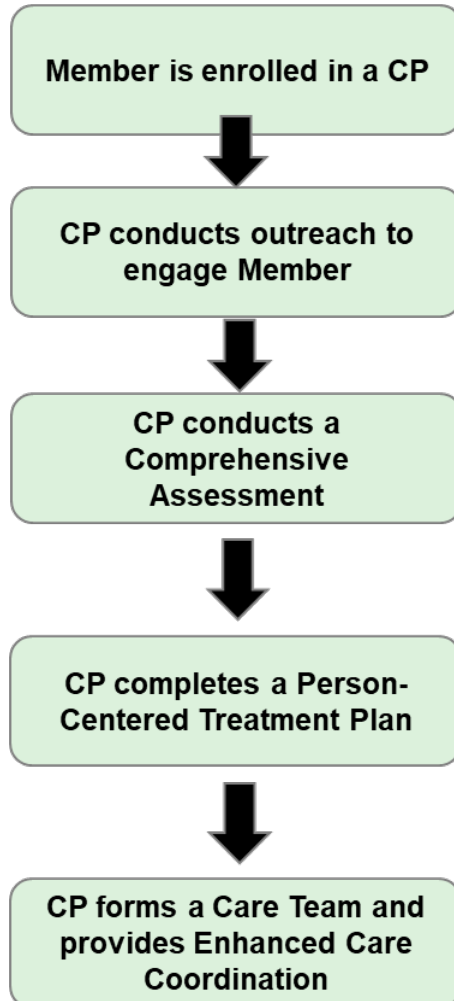

Members who are enrolled in the following are **NOT eligible to** receive supports from the CP Program:

- Enrolled in the Primary Care Clinician (PCC) Plan or the MassHealth Fee-For-Service (FFS) Program, with the exception of Members enrolled in DMH ACCS/Post-ACCS services;
- Enrolled in One Care;
- Enrolled in Senior Care Options (SCO);
- Enrolled in Program of All-Inclusive Care for the Elderly (PACE); or
- Enrolled in DMH's Program of Assertive Community Treatment (PACT)

Care Coordination Through the Community Partners Program

Phases of CP Care Coordination

A **Member is enrolled in a CP**, either through identification by an ACO, MCO, or DMH.

The CP conducts in-person or virtual **outreach** to the Member to initiate contact and confirm their agreement to participate in the CP program.

The Member's **CP conducts a Comprehensive Assessment**. The Assessment covers immediate care needs and current services, health conditions, medications, communication abilities, functional status and needs, and Health Related Social Needs (HRSN).

In collaboration with the Member, the Member's **CP completes a Person-Centered Treatment Plan (Care Plan)** based on Assessment results. The plan reflects the preferences, goals, and needs of the Member and is approved and signed by the Member, and designated CP staff member.

The CP **forms a Care Team** for the Member, **facilitates communication** between providers, **assists the Member in Person-Centered Treatment Plan** with the Member.

Continuity of CP Supports

- EOHHS will institute a 90-day continuity period for all CP Enrollees in the CP Program
- EOHHS will disenroll all then-current CP Enrollees on 3/31/23 and re-enroll them into the CP Program on 4/1/23
 - When CP Enrollees are re-enrolled into the CP Program on 4/1/23, CP Enrollees will be re-enrolled into the same CP, or the CP that most closely aligns with their current CP, whenever feasible.
 - In instances when this is not feasible, the CP Enrollee will be re-enrolled into a CP with which the CP Enrollee's ACO/MCO holds a subcontract. The two instances in which EOHHS will not re-enroll a CP Enrollee into their current CP are:
 - CP Enrollees whose CP as of 4/1/23 is not continuing in the new CP program; OR
 - CP Enrollees whose CP as of 4/1/23 is continuing in the new CP program but is no longer serving the CP Enrollee's Service Area
- During the continuity period, ACOs and MCOs may not disenroll a CP Enrollee or assign them to a different CP unless the CP Enrollee:
 - Requests disenrollment from the CP Program;
 - Requests transfer to another CP with which the Member's ACO or MCO has a subcontract that extends beyond July 31, 2023; OR
 - Graduates from the CP Program
- After June 30, 2023, ACOs and MCOs may disenroll a CP Enrollee or transfer the CP Enrollee to another CP or its internal Care Management Program in accordance with standard program requirements

ELIGIBILITY VERIFICATION SYSTEM (EVS)

Eligibility Verification System (EVS)

- **Providers should continue to check member enrollment and eligibility using EVS* on the Provider Online Service Center (POSC)**
- There are two types of Restrictive Messages that appear on EVS:
 - Eligibility Restrictive Messages (No Changes)
 - Managed Care Data Restrictive Messages
- The Managed Care Data Restrictive Messages will be updated to identify which type of health plans a member is enrolled in, and their contact information for inquiries regarding:
 - Billing (medical and behavioral health claims)
 - Service authorizations (medical and behavioral health services)
 - Behavioral Health vendors

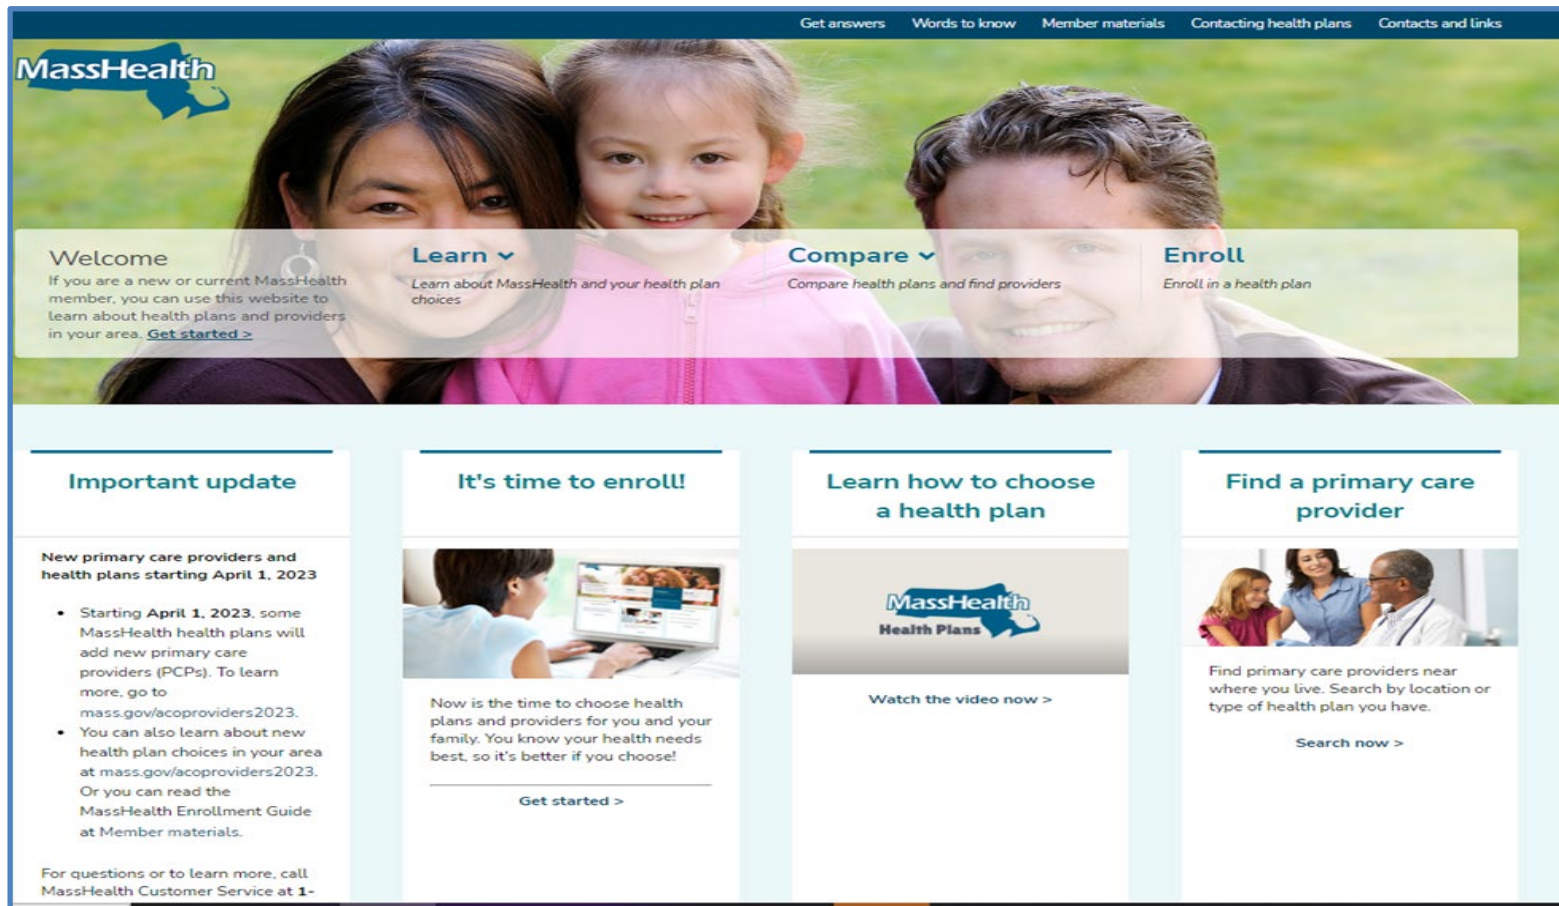

If you have questions about how to check a member's eligibility, please refer to the Verify Member Eligibility Job Aid to learn how to access and check member eligibility using EVS on the POSC (URL: <https://www.mass.gov/how-to/check-member-eligibility>)

*Note: EVS only displays a member's **current eligibility**, not prospective eligibility. If a member is changing health plans on April 1, 2023, their new enrollment will not be visible until that date.

Step 2: Compare

It's now time to **Compare Plans!** The *Compare Plans* tool helps members search for MassHealth health plans available where they live. To get started, all they have to do is enter their ZIP code.

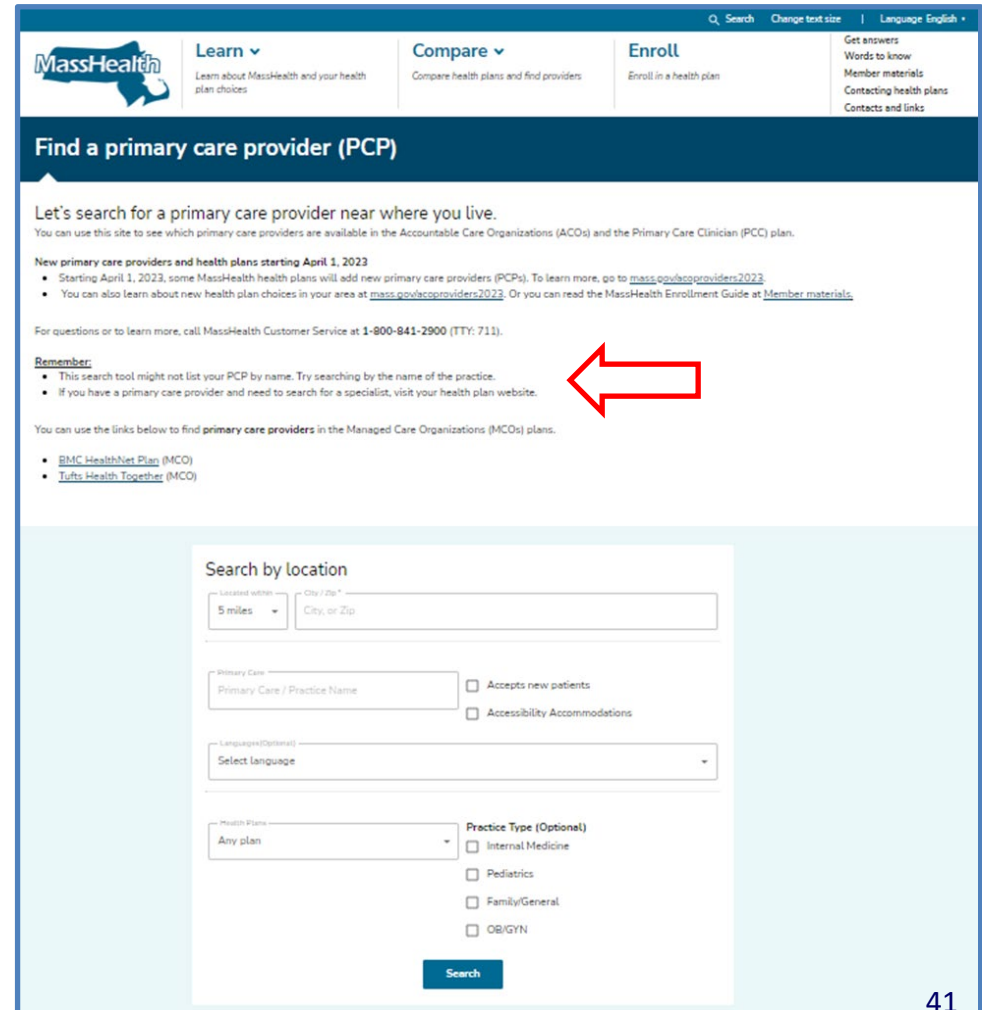

The screenshot shows the MassHealth website's 'Compare Plans' section. At the top, there is a navigation bar with the MassHealth logo, 'Learn', 'Compare', and 'Enroll' menus, along with search, text size, and language options. The 'Compare' menu is expanded, showing 'Compare health plans and find providers'. Below the navigation, the 'Compare plans' heading is followed by a list of instructions:

- Enter your ZIP code below to see the plans you can choose where you live.
- Check the boxes above "Select" to compare 2 or 3 plans at a time.
- Compare the extra benefits each plan offers. All plans offer the same basic benefits plus extra benefits. Extra benefits differ for each plan.
- Choose the best health plan for you.

 A section titled 'New primary care providers and health plans starting April 1, 2023' includes links to mass.gov/acoproviders2023 and 'Member materials'. A contact number '1-800-841-2900 (TTY: 711)' is provided. At the bottom, a red box highlights the 'Enter your ZIP code:' field, which contains a 'ZIP code' dropdown menu and a 'Search' button. To the right, there is a 'View basic plan details' button and a summary showing 'Compare Plans (choose up to 3)' and 'Compare 0 plans'.

Step 2: Find a Provider

If the member decides that they want to find a PCP in one of the ACO health plans, they can search using the **Find a Primary Care Provider** tool.

RESOURCES

COVERED SERVICES INFORMATION FOR PROVIDERS

ACO/MCO-Covered Services

MassHealth members enrolled in ACOs and MCOs will receive certain services that are **paid for by their plan** (“ACO-Covered” or “MCO-Covered”) and certain services that are **paid for by MassHealth** (“Non-ACO-Covered” or “Non-MCO-Covered”). Covered services may differ by coverage type. (Refer to plans for more information.)

ACO/MCO-Covered services include:

- **Physical health** services such as primary care, inpatient, outpatient, professional specialty, and emergency physical health services
- **Behavioral health** services such as inpatient, outpatient, diversionary, and emergency behavioral health services
- **Pharmacy services**, with limited exceptions
- **Other Covered Services**, including home health (except continuous skilled nursing), durable medical equipment (DME), hospice, therapy, chronic disease hospitals, rehabilitation hospitals, and nursing homes for the first 100 days of admission

PCDI and Long-Term Services and Supports (LTSS)

- The following long term services and supports will continue to be paid by MassHealth Fee-For-Service (FFS):
 - Personal Care Attendant
 - Adult Foster Care
 - Group Adult Foster Care
 - Adult Day Health
 - Day Habilitation
 - Continuous Skilled Nursing
 - Long-Term (over 100 days) Nursing Facilities, and
 - Long-Term (over 100 days) Chronic Disease and Rehabilitation Hospitals
- These services will not be included in ACO and MCO total cost of care and capitation rates.
- If providers have questions about prior authorizations, claims, referrals, or other matters related to LTSS, they should contact MassHealth’s LTSS Provider Service Center, **Optum**, by emailing support@masshealthltss.com, visiting their website, <http://www.masshealthltss.com>, or by calling 1-844-368-5184.
